### “JERABEK” PREMIERES AT THE TRIBECA FILM FESTIVAL

(Phoenix, Arizona) – JERABEK, a documentary presented by **Tamarkin Productions** and **True Story Films**, will premiere at New York’s Tribeca Film Festival April 26 – May 6. True Story Films teamed with director Civia Tamarkin in 2005 on the film that follows a Green Bay, Wisconsin family for nearly 2 years after losing their son in Iraq.

True Story Films owner and producer/director Cary Truelick co-produced and shot a large portion of the documentary that was filmed in Green Bay and Camp Pendleton outside San Diego.

Copper Post Digital, TSF’s sister post-production company headed by Rob Beadle, edited the documentary throughout the fall of 2006.

This is the first feature length project for True Story Films and its first film festival selection.

JERABEK was produced by Civia Tamarkin, Cary Truelick and Steve Levin; directed and written by Civia Tamarkin; and edited by Chris Barron. Original music was composed by Art Labriola.
